EnvyWorks™

Introducing the secret to the affordable office.

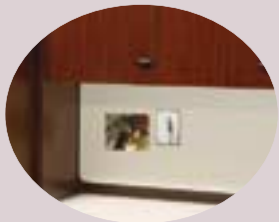

As the characteristically graceful arc suggests, EnvyWorks makes your office simply beautiful. Want selection? How about a virtually limitless palette of pattern, solid and woodgrain laminates that can be specified independently on worksurfaces and chassis. Need extras? You'll find loads of choices that blend work-friendly utility with added storage. Like WaveWorks®, its popular sibling, EnvyWorks offers a more simplistic approach to flexibility at a more modest price. So no matter what your budget, you can still get "the works."

For open spaces
that hum in harmony.

EnvyWorks is made to bring out the best in people who work together. Add attractive, efficiency-boosting worksurface area with p-tops and extended corner units. Personality and practicality merge in a 2 mm PVC edge band; available in complementary colors or distinctive ribbon styles for woodgrain tops. Best of all, value pricing lets you get more out of your budget than you ever dreamed.

Changing the office floor plan? You'll say "shell done."

EnvyWorks offers task-specific solutions for every area of your organization, including reception areas.

There's no reason to worry about whether you need a right-hand or left-hand unit when ordering. Non-handed shell based units let you configure either way. Just specify the size and pedestal options. In-stock models are available, so your team can "hit the ground running" with furnishings that enable their performance. And when you grow or your needs change, EnvyWorks adapts without missing a beat.
