Kite Tables' quick-folding design and heavy-duty locking casters make it easy to handle setup or takedown. Tables nest for space-saving storage and can be transported while in folded position, with no dolly. Kite makes unique configurations easy. Connect the four table shapes—Kite, Box, Fan, and Dragon – to suit your ever changing needs. Smart carts such as "Gust" (for LCD/DLP data projector and/or overhead projector use and storage) and "Breeze" (don't forget the refreshments), cater to those ever-present meeting necessities. Scheduled to start in five minutes? "Velocity" (a versatile media cart) and "Lift" (mobile marker board) fly into place in an instant.
